## A WORD FROM VILLAGE IDIOT:

This release of Kokoro Connect was really a one time thing from us at Village Idiot.

At this time, we are not *intending* to pick this series up, we had to force some overworked translator to get even this chapter out.

We would, however, reconsider if someone is willing to help us translate this series. We are also open to any groups willing to make this a joint.

All in all, while we like this series, and wish we could release more, our current resources allowed us to barely release this chapter.

If anyone has any interest in helping us release this series, we would be grateful if you shot us an email or dropped by our channel on IRC.
